

Administrative Services Construction Notice

Thank you EVC Community for your patience during this very busy construction period. We are in the process of getting the campus ADA pathway compliant in order to begin construction of the (4) new buildings that will be coming online over the next two years. Those buildings include:

- Student Services Complex
- General Education
- Language Arts
- Nursing

Please review the pathway map below in order to understand how best to navigate the pathways while construction is going on at the North Fire Lane (Sequoia to Acacia) and on the West side (between LETC and Cedro) of campus. We will be completing construction over the Fall semester. Again, we thank you for your patience during this time.
